

## KAURI (COMMUNITY 5) ALGIES BAY TERM 2 2023

8 May 2023

Dear Parents/ Whānau and Caregivers

On Tuesday 16 May we will be traveling by bus to Algies Bay to explore the shoreline and sealife there. We will be investigating what lives in our community shorelines and what may be impacting the survival of the sea life and the creation of healthy water systems. We will be departing school at 9:30am and returning at 2pm. There will be no cost for this trip.

There we will be:

- Conducting a Marine Metre Squared Analysis
- Sketching the environment
- Observing the seashore and sea life
- Walking along Algies Bay

Students will need to bring:

- Morning tea and lunch (including a water bottle)
- Sun hats

There are risks associated with involvement in any school EOTC events and these risks cannot be completely eliminated. However, the school has identified any foreseeable risks or hazards and implemented correct management procedures to eliminate or minimise those hazards. The children will be strictly supervised and will have a good understanding of boundaries and rules before we leave school.

We need a safety ratio of 1:10 ratio of adults to children so we will be requiring 6 parent helpers to attend. Please indicate below if you are able to support on this day.
